Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store 'An-uric' (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "An-uric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins.

Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Personal Mention

A. Y. Culton, of Ohio, is visiting his mother, Mrs. A. L. Culton.

Mrs. W. C. Black is visiting her parents at Big Stone Gap this week.

Mrs. C. A. Main and Miss Beadie Main spent last week with Mrs. Jeff Canada.

J. P. Melton, from west of town, was here Tuesday and reports fine crops.

Mr. and Mrs. Guy Dickinson spent the week end at Pineville.

The soaking rain Monday and Tuesday has put a smile on the face of the tiger.

For Sale — 2 Fine Jersey Cows, fresh, with or without calf. See J. D. Faulkner. 34-31

R. N. Jarvis has bought the home in which he now lives from Judge F. D. Sampson.

Mrs. W. H. Green, of Corbin, is the guest of her sister, Mrs. A. J. Croley this week.

Mrs. D. B. Fortney, of DeWitt, on Saturday visited her son-in-law, Tom Patterson, at old Flat Lick.

Mrs. A. L. Rice, of Sandusky, O., is visiting her parents, Mr. and Mrs. J. H. Blackburn.

Mrs. H. K. Hollifield, of Artemus, is visiting her daughter, Mrs. W. T. Stewart this week.

Mr. and Mrs. Fred Jones have moved to Cincinnati where Fred has a position as a mechanic.

G. G. Cobb, who has been on the sick list, is able to be on the job at the Crowley Hardware Store.

Miss Roberta Cole spent a delightful week-end with Mrs. Landrum, nee Miss Mamie Riley, of Corbin.

Mrs. C. F. Heldrick is visiting Mr. Heldrick's mother at Dubois, Pa. and his sisters at Brookeville, Pa.

D. B. Fortney, of Turkey Creek, was in town Saturday. He says corn is looking well but potatoes are needing rain rather badly.

Misses Myra Amis and Gladys Johnson are home from Louisville where they have been attending the Conservatory of Music.

J. F. Parrott, of Artemus, was a town visitor Tuesday and reports prosperous crops in his section. The rain looked good to him.

W. R. Marree and H. H. Owens are buying out T. G. Cole and W. W. Evans coal mine in Harlan. Consideration \$30,000.

Charlie Cole, of Harlan, formerly editor of the Advocate, was a visitor at this office Tuesday. He doesn't look sick abed.

If you want to know the time, the place or the way the wind is blowing ask Ester Dozier. He is now the official policeman.

Raymond Lyttle and Harvey Hershberg have been acting as distributors of Salvation Army literature this week.

Mrs. L. A. Rice, of Sandusky, O., and children, are visiting the parents of Mrs. Rice, Mr. and Mrs. J. H. Blackburn of this city.

Miss Flora Hammons, of Girdler, Ky., is with Miss Laura Hayes from now till school opens. Miss Flora will teach a school near Flat Lick.

Miss Virgie Campbell, of Artemus, who is clerking at the L. C. Miller store has taken up her work again after two weeks vacation at home.

Prof. R. W. Rickett will teach at Culver Military Academy the coming year. This is one of the greatest schools of its kind in the country.

Miss Bertha Davis, who has been employed as a teacher for next year in the Barbourville High School, left Monday for Richmond, Ky., to attend Summer School.

There will be services in the Presbyterian Church next Sunday, (5th) in the evening. Dr. Minton will read an original story to the young people at the morning service.

Mrs. J. S. Miller and Miss Mary Miller are visiting their parents and grandparents, Mr. and Mrs. Alex Black at Richmond Ky. Mr. Black is a brother of Governor Black.

Miss Effie Rickett, of Artemus, has accepted a stenographic position with the Barbourville Supply Co. She was the house guest of Miss Beulah Smith Tuesday night.

G. W. Rhodes, of Calvin, Ky., was here last week and, having a sweet tooth in his head, laid in two good sized buckets of honey for future, leisurely consumption.

Misses Lallah Rook Johnson, Gladys Johnson, Cora Sevier, Myra Amis Catherine Metcalf, of Pineville, Mrs. Marianna Madden and Prof. Rickett spent the week end at Dishman Springs.

Mrs. Minnie Isabel, of Pineville, is visiting Mrs. A. W. Hopper this week while in transit from Manchester, where she spent two weeks as the guest of her brother, John M. Culton.

H. H. Owens was in Louisville last Saturday and while there met the Governor. Mrs. Owens and the kiddies will be home next Monday from Frankfort where they visited at the Governor's mansion.

Charlie Main is back from Owsley where he inspected the wells near the Clay County line. These wells are good for from 75 to 100 barrels a day. An attack of sickness compelled him to come home.

Wanted — Girls over 16 years old to learn knitting. Excellent wages and excellent working conditions. Apply Richmond Hosiery Mills, Ross ville, Ga., six miles from Chattanooga, Tenn. 34-21

Mrs. Joe Jones and brother, Josh Tye, are spending a few days in Louisville. They will return Saturday accompanied by Dr. Tye, who has finished his course of studies at the Louisville General Hospital.

Last Tuesday Mrs. Jeff Canada entertained a large dinner party in honor of her guests, Mrs. C. A. Main and Miss Beadie Main. Delicious refreshments were served and all report a delightful time.

H. H. Owens and others went to Flat Lick Tuesday where the business of the Flat Lick Coal Company

was sold under bankruptcy proceedings and brought \$3081.00. Different parcels were bought by different people.

Mr. and Mrs. W. T. Stewart went out to Dishman Springs Sunday by auto, taking with them as guests Miss Laura Hayes, Miss Flora Hammons and Mr. St. Jones. They enjoyed a picnic supper before returning.

E. G. Asher, of Louisville and formerly representative of the 53rd Legislative District, was here Saturday on business. Mr. Asher is in the coal business and had been thru to Manchester. He says coal prospects are much better.

Jim Jarvis is home from the road for a few days rest. He says business is fine and the outlook even better. He spent Sunday in Louisville with Edwin P. Marrow who says this is a Republican year and will change the political map.

Mrs. J. T. Berry sold 116 gallons of beans the first week in June. She also had new potatoes June 5th. G. M. Jenkins and W. M. Strong, of Lay, said Tuesday that sweet potatoes are looking fine and that Irish potatoes will now come right along.

The death of Minnie Etta Wolford colored and 17 years of age, occurred at the family home near the Fair Grounds on Tuesday morning. The funeral was held at the colored cemetery on Fighting Creek. Death was the result of an attack of flu which developed tuberculosis.

At a meeting of the School Board on Saturday night, Rev. Thomas J. Belcher was appointed teacher of English in the High School. Mr. Belcher was formerly pastor of the Christian Church at Williamsburg and will occupy the position of pastor of the Christian Church here.

J. W. Faulkner and C. B. Stanfill are in Kool Kolorado where the stately, white-capped peaks rear their glistening summits against the empyrean blue. (See guide books for full particulars.) J. W. will return but Clyde expects to spend the residue of his days enjoying scenic delights, the while he gets hold of whatever kale that may come his way.

Joe Wild, son of Mrs. Thursa Collins living to the west of town, enjoyed a furlough with his mother this week, returning for duty Sunday night. Mr. Wild is attached to the Medical Corps, U. S. A. General Hospital 41, Staten Island, N. Y. He does not know when he will be discharged.

Have you swum or is it swamped yet? Lots of people are doing it. In fact society in general is disporting itself. You can never tell nowadays what you may meet. There is many a nice looking dress on the street which covers a kind heart and a bathing suit. Cleanliness is next to godliness.

KENMAR OIL COMPANY Owns Valuable Territory Kentucky Oil Property Among Safest Oil INVESTMENTS

A party of investors and oil men recently took a trip thru Allen, Warren and Barren Counties as guests of the Kenmar Oil Company. The following report made by one of the members of the party gives, in a few words, a comprehensive idea of this wonderful oil field.

The party arrived over different trains Friday morning, and met at the Mansard Hotel, Bowling Green, where breakfast was served. Automobiles were ready to carry us over the field and left first for Scottsville. On the way, we saw signs of activity immediately upon leaving Bowling Green, as there are at present three or four rigs at work on the edge of the city. The location of the work near Alvaton, Allen Springs and Halfway was noted as the party proceeded toward Scottsville, and about an hour after leaving Bowling Green the cars passed thru Scottsville and down the Gallatin Pike to Adolphus.

At Adolphus, the Kenmar Oil Co. owns seven leases, including the entire village. Several wells have been drilled there by the company and another is drilling on the M. L. Hinton lease. Eight of these wells are completely rigged and pumped by central power, and a crew of men are rigging the balance. Kenmar's storage tanks, pipe line, loading pump and loading racks were pointed out to us so that we were able to see on this one property the entire process of drilling, pumping, storing and transporting oil. The oil is sold to the Indian Refining Company for \$2.10 per barrel and shipped to its Lawrenceville, Ill., refinery in tank cars.

Returning north toward Scottsville, the general location of the group of leases owned by the company west of Adolphus, the Phillips lease, upon which two wells had been drilled, and the V. Hinton lease, near the Mc Reynolds pool, was pointed out to the party. This lease joins production owned by the Merchants Oil Co. and Snowden Bros. The company intends to drill the V. Hinton lease immediately. The first well drilled will offset a well on the Tucker farm which, the shipping records at the railroad station nearby shows, has produced a carload of oil every day for three months.

Within the time allotted, it was impossible to even visit all the leases owned by the Kenmar, but a general idea of the Scottsville field was obtained and the location in the field of the company's leases was observed.

After eating lunch at Scottsville, the party went to the north field, passing the Kenmar's territory near Gainesville and stopping at the Clinton School on the Johnson farm. Two wells have been drilled on this lease by the Kenmar, both of which are on the pump, and the third is

being drilled about four hundred feet from Johnson No. 2, which is claimed to be one of the best wells in the state of Kentucky. It was reported as a thousand barrel well, and on actual test, filled a twelve hundred barrel tank in thirty hours.

Adjoining Kenmar's lease on the west is the Riggs property, now producing about three hundred and fifty barrels per day. In fact, this lease is practically surrounded by the richest pool in Allen County. Kenmar owns three other leases in this pool.

The Jewell pool is on the Barren River, three or four miles north of the Johnson farm. The owners of this property have already drilled in several wells and have erected about a dozen two hundred and fifty barrel tanks. Some of the wells flow naturally, it is claimed, one hundred or two hundred barrels per day. Crossing the river near Jewell Bend, we went to the Moulder farm, in Warren county, the latest center of the excitement. The pumper on the Moulder farm opened one of the flowing wells while we were there and if one doubts that there are gushers in Kentucky, he should visit this property, for the oil gushes from the

ground without any pumping in a stream the full size of the well tube. Many rigs have been moved into this neighborhood since the Moulder wells were opened and several other properties now have big producers. Kenmar has thirteen leases in this new field. This territory particularly pleased the members of the party and many believed that the best production will be obtained in this neighborhood. A pipe line is being built from this field to Smith's Grove to take care of the new production.

Besides inspecting the Kenmar's property, many of the visitors were interested in other companies and stopped longer to see what had been done in a short time, with little capital, in this shallow field. After seeing wells pumping seventy-five to one hundred barrels per day, gushers and flowing wells that would fill a two hundred and fifty barrel tank in a few hours; after seeing dozens of drills at work and passing trucks and wagons loaded with supplies for new wells, the members of the party readily believed the claim that the Western Kentucky field has produced more wealth for the amount invested than any other oil field in the United States.

THE FARMER MUST HAVE RUGGED HEALTH

Many Break Downs and Failures Due to Exposure and Hard Work

Cataract in Some of It's Many Forms Claims Thousands

Every farm family has its medicine cabinet and in almost every one will be found a bottle of Dr. Hartman's World Famous Peruna. For coughs, colds and cataract it is invaluable. It's use is indicated in all cases of catarrhal inflammation and congestion whether of respiratory organs, stomach, bowels or other organs of the body.

Mr. W. J. Temple of 300 Lincoln Ave., Delaware, Ohio, suffered for years with inflammation of the mucous linings of the stomach and bowels. According to his own story he did not eat a meal for five years without distress. He says: "I am a farmer and must be exposed to all kinds of weather. After years of suffering, a druggist recommended Peruna. I took all together five bottles and am a well man. Formerly, I could not do a day's work. Now, farm work does not fatigue me in the least. Peruna is the best medicine and tonic on the market. Time only strengthens my admiration for it, especially for cataract and colds."

If you are sick and suffering, write The Peruna Company, Dept. 77, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and may help you. Ask your dealer for a Peruna Almanac.

GREAT INVENTIONS AEROPLANE

High UP IN THE AIR FLIES the bird-like plane, the triumphant attestation of the inventive skill of the Wrights.

Likewise with

Reiff's SPECIAL

High up above the rest soars the one beverage which, too, attests the inventive skill of producing the one drink that is crowded with thirst-quenching satisfaction—has all the golden goodness of the grain without the alcohol.

It is high above the world in taste — a real invention, an achievement
